Mr. J. Lerue Ogden  
Water Commissioner  
Richfield, Utah

Dear Sir:

RE: SEVIER RIVER DISTRIBUTION

Under ruling from the Attorney General's Office, you are to divide the waters of Castle and Minnie or Little Creek to the four users of record on the basis of one-fourth of the total flow of the two streams to each of the four users. In other words, on page 18 of the Cox Decree, under Section E, all the waters of the two above mentioned creeks and all springs tributary to said creeks are decreed to Blanche Showalter, M. C. Swapp, James A. Little and John Yardley. You are instructed that each one of these four so named are entitled to one-fourth of the total of all waters of the creeks and springs. If any of those named in the decree aforesaid have conveyed their interests, the present owners would be entitled to the proportionate share, in accordance with the present ownership.

You are requested to go to the head of the stream as soon as possible to effect this distribution.

Yours truly,

Joseph M. Tracy  
STATE ENGINEER

LCM/vm
